

BREMSKERL

Der Spezialist für Brems- und Kupplungsbeläge
The specialist for brake and clutch linings

BK

7381

BREMSKERL 7381

For an efficient and reliable function of your drive roller we recommend the use of our premium quality **BREMSKERL 7381**.

YOUR BENEFITS

- Specific geometry adaptation of the friction lining to your machine.
- High ease of installation for simplified commissioning.
- Good price-performance ratio.
- High quality for reliable and trouble-free operation.
- Long service life for long running times and reduced maintenance and repair costs.

THEREFORE BREMSKERL

- ✓ Robust beam and decking connection.
- ✓ Good radius stability.
- ✓ Very good thermal properties.
- ✓ Excellent media resistance, e.g. oils and greases.
- ✓ Reduced risk of damage.
- ✓ Excellent friction and wear properties.

BREMSKERL products are REACH and RoHS compliant, PfHS-free and benefit from more than 90 years of experience in the development and manufacture of brake and friction linings.

BREMSKERL your expert for friction technology!
